The Harvest of the Month featured produce is pumpkins.

Health and Learning Success

Go Hand-in-Hand

Food Day is October 24. It is a national movement to eat more healthy, affordable, and sustainable food – like fruits and vegetables. Make half your children's plates fruits and vegetables and help them get at least 60 minutes of physical activity every day. Doing these things is good for their health and can also help your children do better in school. So celebrate Food Day and use Harvest of the Month to help you and your family live a healthy, active lifestyle.

Produce Tips

- Pick fresh pumpkins that are firm and feel heavy for their size.
- Keep fresh pumpkins in a cool, dark place for up to two months.
- Look for canned pumpkin with no added sugars or sodium. You can use canned pumpkin in any recipe that uses cooked pumpkin.
- For best prices, buy pumpkins at a pick-your-own pumpkin patch or a local farmers' market.

Healthy Serving Ideas

- Roast, bake, or mash pumpkin for warm, tasty side dishes. You can even purée pumpkin to use in soups.
- Roast pumpkin seeds in a preheated oven at 300°F for 10 to 25 minutes. Be sure to wash and dry the seeds first!
- Use canned pumpkin to make tasty breads, muffins, or even pancakes. Add raisins or chopped nuts for extra fiber.

PUMPKIN BEAN SOUP

Makes 6 servings. 1 cup per serving. Cook Time: 30 minutes

Ingredients:
- 1 can white beans, undrained
- 1 small onion, finely chopped
- 1 cup water
- 1 15-ounce can 100% pumpkin
- ½ cups 100% apple juice
- ½ teaspoon cinnamon
- ¼ teaspoon nutmeg or ginger
- ¼ teaspoon black pepper
- ¼ teaspoon salt

1. In a blender, add beans, onion, and water. Blend until smooth.
2. In a large pot, add the pumpkin, juice, and spices. Stir well.
3. Add the blended bean mix to the pumpkin juices.

Let’s Get Physical!

- Make family time an active time. Limit screen time with TV, computers and video games. Add active time with family walks on the weekend, or after dinner.
- Go on a scavenger hunt for trees in your neighborhood. Try to find leaves in every color.
- Plan ahead. Put active time on the family calendar.

How Much Do I Need?

- A ½ cup of pumpkin is an excellent source* of vitamin A and a good source* of vitamin C.
- Vitamin A helps keep your vision good, fight infection, and keep your skin healthy.
- Vitamin C helps your body heal cuts and wounds. It also helps lower your risk of infection.

What’s in Season?

California grown pumpkins are in peak season in fall. They are usually available from October to December. California grown varieties may be fresher and cost less than varieties shipped from other states or countries.

Try these other California grown produce items in fall: collard greens, kale, sweet potatoes, and winter squash (acorn, butternut, pumpkins).
